About

THE LIFE OF MUHAMMAD CONFERENCE

“ The Holy Prophet Muhammad ﷺ was the Benefactor of Mankind, the Mercy for all Mankind and the beloved of God who would stay awake all night in deep anguish that humanity be saved from ruin. He would express such agony and sorrow to alleviate the pains of mankind that the God of the Heavens, addressing the Holy Prophet ﷺ, stated that would he grieve himself to death in sorrow for those who did not believe in the Creator?

—His Holiness Mirza Masroor Ahmad, Khalifatul-Masih V & Head of the Worldwide Ahmadiyya Muslim Community

- ▶ Why is Prophet Muhammad ﷺ often misunderstood?
- ▶ Did Prophet Muhammad ﷺ go to war?

UNDERSTANDING PROPHET MUHAMMAD ﷺ

“It was the West, not Islam, which forbade the open discussion of religious matters...The period of the Crusades, when the fictional Mahound was established, was also a time of the great strain and denial in Europe. This is graphically expressed in the phobia about Islam.

—Karen Armstrong, British Author & Commentator

“My choice of Muhammad to lead the list of the world’s most influential persons may surprise some readers and may be questioned by others, but he was the only man in history who was supremely successful on both the religious and secular levels.

—Michael H Hart, “The 100: A Ranking of the Most Influential Persons in History.”

“I became more than ever convinced that it was not the sword that won a place for Islam in those days in the scheme of life. It was the rigid simplicity, the utter self-effacement of the prophet, the scrupulous regard for his pledges, his intense devotion to his friends and followers, his intrepidity, his fearlessness, his absolute trust in God and in his own mission.

—Mohandas Karamchand Gandhi, Indian Statesman

“The greatest success of Mohammad’s life was effected by sheer moral force. It is not the propagation but the permanency of his religion that deserves our wonder—the same pure and perfect impression which he engraved at Mecca and Medina is preserved, after the revolutions of twelve centuries by the Indian, the African, and the Turkish proselytes of the Koran.

—Edward Gibbon, English Historian & Member of Parliament
